Vendor applications are on a first come first serve basis. Our goal is to ensure that there are no overlapping vendors. If you are selling more than one product, we may request that you remove a duplicate product that another Vendor has already received approval for. There are no walls or curtains that will separate you from other vendors. Please use your discretion when setting up. Each vendor must provide their own linens and décor. We want to ensure that all vendors have a successful day of companionship and not competition.
